# European Society for Paediatric Research

Developing and applying research to improve newborn and child health.

## ARE YOU A PROFESSIONAL IN THE FIELD OF PAEDIATRICS OR NEONATOLOGY?

Then we warmly invite you to **become a member\*** of the **European Society for Paediatric Research (ESPR)**.

Over the past 60 years, the passionate work of many esteemed Paediatric professionals has made the ESPR what it is today: the most prolific Paediatric research society in Europe.

**Join the ESPR and benefit from the countless opportunities:**

- Connect with a global network of peers and experts
- Participate in our annual congresses at reduced rates
- Join the ESPR sections and get involved in cutting-edge research projects
- Receive our journal, *Pediatric Research*, as hard copy or digital without additional costs
- Apply for ESPR grants and the mentoring programme
- Promote your own initiatives and receive support
- And much more...

\* Membership requirement: a scientific contribution to an ESPR annual congress

**Join the ESPR!**
