

**Who is organizing the Symposium?**

Mario Rüdiger; Charles Christoph Roehr

**Scientific advisory board – Hypothermia**

Brenner, Höhn, Hoffmann, Franz, Benders, van Bel

**Scientific advisory board – DR-management**

Roehr, te Pas, Vento, Küster

**ESCNR – Young Investigator Prize**

Konstantelos, van Vonderen

**MASC-Prematurity task force**

Möbius, Freund, Reiss

**You are invited to actively participate with ...****... Presentation of a case or SOP\***

**Register at:** [Kuester@NIQ.eu](mailto:Kuester@NIQ.eu)

**... Video of DR-management\*\***

**Register at:** [Kuester@NIQ.eu](mailto:Kuester@NIQ.eu)

**... presenting results of your research\*\***

Details of application will be announced at [www.neonatal-research-dresden.de](http://www.neonatal-research-dresden.de). The audience will select the best presentation by vote.

**... Discussing your stem cell research**

**Register at:** [sabine.resch@uniklinikum-dresden.de](mailto:sabine.resch@uniklinikum-dresden.de)

**... Meeting the expert**

To have the session as productive as possible, there will be maximum 10 participants per expert group. Therefore, please register early!

**Register at:** [sabine.resch@uniklinikum-dresden.de](mailto:sabine.resch@uniklinikum-dresden.de)

**Further information can be found at**

[www.neonatal-research-dresden.de](http://www.neonatal-research-dresden.de) or by mail [sabine.resch@uniklinikum-dresden.de](mailto:sabine.resch@uniklinikum-dresden.de)

\* If you present your case or SOP we will cover your registration fee

\*\* if you are chosen to present a video or your research we will cover registration fee and will arrange accommodation for 2 nights.

**How to register?**

**Number of participants is restricted to 200.**

**Thus, a registration is required.**

Please register by E-Mail at:

**[Sabine.Resch@uniklinikum-dresden.de](mailto:Sabine.Resch@uniklinikum-dresden.de)**

Tel.: +49-351 458 3640

**What to pay for participation?**

For food and beverages during breaks **80 €\* (one day)/ 110 €\* (7<sup>th</sup>/8<sup>th</sup> of March)**; free for students/nurses.

(\* additional 40 € have to be charged for payment after 1<sup>st</sup> of March 2019)

To be paid **after receiving confirmation** of registration at:

**Name of beneficiary:**

**Carl Gustav Carus Management GmbH**

**Bank: Deutsche Kreditbank AG**

**IBAN: DE 71 1203 0000 0011 248 333**

**BIC: BYLADEM1001**

**Password: TEST-APGAR**

**What about CME credits?**

Participants will get 6 CME credits from the „Sächsische Landesärztekammer“ for each symposium.

**What is the language, is the Symposium in the web?**

Presentations are given in **English only**.

A **live presentation** of the symposium **via internet** is planned for participants who cannot come to Dresden.

**Where is the Symposium held?**

Medical-Theoretical Centre (MTZ), **Building 91**, Faculty of Medicine Carl Gustav Carus, Technische Universität Dresden; Fiedlerstr. 42, 01307 Dresden

**How the Symposium can be reached?**

**By Train:**

- Dresden Neustadt => Tram 6 to Augsburger Straße

- Dresden Hauptbahnhof => Tram 12 (Prager Straße) to

Augsburger Straße

**By Plane:**

**Dresden Airport** (from Munich, Frankfurt, Düsseldorf) => S-Bahn to „Dresden Neustadt“ => Tram 6 to „Augsburger Straße“

Or to **Berlin-Schönefeld/Tegel** and by train or bus (2 hours)

Come to celebrate the

Thursday, 7<sup>th</sup> of March 2019Friday, 8<sup>th</sup> of March 2019

Dear colleagues and friends,

It has now become a tradition to start the spring season in Dresden and to discuss **recent advances and future development** in the field of postnatal adaptation, perinatal brain damage and regenerative therapies.

To celebrate the 10<sup>th</sup> “**Dresden Symposium**” we are happy to organise the meeting together with the **Spring School of the European Society for Pediatric Research**. Together with the ESPR we provide an unique **platform for scientific exchange** for you as a clinician or researcher in that field.

On Thursday and Friday, you will have many opportunities for **detailed discussions** with participants and our distinguished speakers who present current scientific data and share their practical experiences. On Saturday, you can join our **Hands-on Courses** which cover different aspects of Delivery Room Management.

To make the symposium as inter-active as possible, the **number of participants is restricted**. However, if you cannot come to Dresden you will have the unique opportunity of listening to the speakers and participating in the discussion via **internet life-stream**.

The program of the meeting is organised to make it a great event for you. Thus, you are cordially invited to become an active part of the meeting and to “**Present your video**”, to “**Meet the Expert**” and to discuss “**Stem cell sciences**” or “**Your clinical case or SOP**”. Furthermore, we will award the **Young Investigator Price**.

On behalf of the scientific advisory board, we are looking forward to welcoming you in Dresden!

Mario Rüdiger  
Local Organizer

Charles C. Roehr  
President ESPR

Whereas Hypothermia has become standard therapy to prevent **brain damage**, other interventions are currently developed. An up-date of available interventions will be given and new approaches are discussed.

The **Key note lecture** will be given by Barbara Schmidt, discussing the “optimal” oxygen saturation for preterm infants.

With regard to **regenerative therapies**, speakers will focus on different aspects of preventing or treating BPD. Furthermore, new indications on the Horizon are presented.

#### **Discuss your clinical case or SOP with colleagues \***

You are invited to present an interesting case or Standard Operating Procedure, a new approach of treating patients, a diagnostic algorithm or video of intervention and to discuss it with your colleagues and international experts.

#### **Discuss Stem Cell Science**

Whereas the meeting is mainly “clinical based” you will also have the opportunity to discuss your bench-side experiments with international experts. Thus, present an experimental protocol, confusing data, research ideas.

#### **Meet the Expert**

*Interns, Fellows and young Consultants are invited to meet internationally renowned scientists and discuss clinical problems.* At “Meet the expert” you are invited to cross-check what you’ve been taught and come up with new ideas for the next ward round!

“Resuscitation of infants at birth has been the subject of many articles. Seldom have there been such imaginative ideas, such enthusiasms, and dislikes, and such unscientific observations and study about one clinical picture.” Virginia Apgar

There are still “imaginative ideas and enthusiasm” but also great science within the field of DR-management. Well-known speakers will share their excitement with you and provide inside into recent advances in the following (and other) topics:

#### **Current & future studies on DR-management**

*Stimulation in DR*

#### **Improving management in the DR**

*Team Training*

#### **Bad habits/green apples in DR-management**

*Videolaryngoscopy*

#### **PRO & CON Session**

*opt-out during clinical trials in DR*

#### **Key note lecture**

*To inflate or not to inflate the lung in the DR?  
Critical discussion of the SAIL-trial (H. Kirpalani)*

#### **Young Investigator Award \*\***

If you are a young and fascinated by your research you can apply for the “**Young Investigator Price**”. Details of application will be announced at [www.neonatal-research-dresden.de](http://www.neonatal-research-dresden.de) The audience will select the best presentation and the best scientific content by vote.

#### **Presentation of DR Video \*\***

Present a short video-clip of DR-management done in your institution and discuss your approach with colleagues.

## Hands-on Courses

Different *Hands-on courses* are available, covering topics such as: simulation training of resuscitation, surfactant administration, working with new devices.

Saturday, 9<sup>th</sup> of March 2019
