

## The impact of COVID-19 on Neonatal Medicine Webinar June 18th at 4:00pm GMT

### Objective:

To bring together clinicians and academics to discuss the impact of COVID19 on their Neonatal Intensive Care Units in relation to service provision, education, and research.

**Join us via this link** – pre-registration not required.

**Chair:** Damian Roland, MRCPCH, PhD  
University of Leicester

### Speakers:

Claus Klingenberg, MD, PhD  
University Hospital of North Norway

Charles C. Roehr, MD, PhD  
University of Oxford

Anna Lavizzari, MD  
Fondazione IRCCS Cà Granda  
Ospedale Maggiore Policlinico

Cynthia F. Bearer, MD, PhD  
University Hospitals Rainbow  
Babies & Children's Hospital

Eleanor J. Molloy, MB, PhD  
Trinity College Dublin

John A. F. Zupancic MD ScD  
Harvard Medical School

Learn from neonatal experts about how they have managed the challenge of COVID in neonatal practice and what learning can be shared to the wider community to improve care for patients and ensure academic endeavour continues

The format will be a panel session with the opportunity for audience questions.
