

Organised by

Endorsed by

4th International multidisciplinary pediatric and neonatal acute and critical care research summer school

Thursday 25th & Friday 26th July 2019
University of the West of England,
City Centre Campus at Arnolfini, Bristol, United Kingdom

The two days of the summer school are structured to allow for:

- Personalised learning by a small group of participants and a large group of experienced faculty and research staff.
- Presentation of participants' projects in safe and facilitated peer group discussions.
- Deepening understanding of methodological approaches to key issues. This is enabled by keynote plenary lectures on key issues, followed by optional elective workshops on methodological approaches or research issues. These sessions are suggested by research level starting from master's level, through to early post-doctoral level.
- Providing opportunities for participants to meet and network. This is enabled by coffee/lunch sessions and an evening course meal, as well as an optional photography walk in Bristol's historic city centre, led by professor Albarran.
- In the last session there will be room to talk and consider plans for future research collaborations, both on an individual and network basis.

Programme Day 1: Thursday, 25th July 2019
Venue: 4th Floor, UWE Arnolfini Campus

08.30	Registration		
09.00	Welcome and Introduction A/Prof Lyvonne Tume, University of the West of England		
09.00 – 09.15	Introduction to how to do a 3-minute thesis presentation Prof Jos Latour, University of Plymouth		
09.15 – 09.45	Multidisciplinary research: the path to success! A/Prof Lyvonne Tume, University of the West of England		
09.45 – 10.15	Reducing research waste: making pediatric studies more efficient Prof. Martha A.Q. Curley, Children’s Hospital of Philadelphia		
10.15 – 10.45	Coffee and networking		
Workshops	Master Level	PhD level	Post Doc level
10.45 – 12.30	From clinical problem to research questions and the right design Dr Alvin Schadenberg UHB	Systematic review to inform your study Prof Anne-Sylvie Ramelet IUFRS	Challenges and tips for funding across countries Prof Ruth Endacott UoP & MU
12.30 – 13.30	Lunch and networking		
13.30 – 14.00	Taking the best out of your supervisors Prof Anne-Sylvie Ramelet		
14.00 – 15.30	Writing your research proposal Prof Anne-Sylvie Ramelet IUFRS	Getting funding for your research: Why, where, how Prof Jos Latour UoP	Developing yourself as a researcher and your program of research Prof Martha A.Q. Curley CHOP
15.30 – 16.00	Coffee and networking		
16.00 – 17.00	Understanding and describing your quantitative data Prof Paul White UWE	Dealing with challenges while running your study: Tips to overcome them Prof Julie Mytton UWE	Workshop: Basics of health economic analysis Dr Katie Breheny & Dr Rebecca Kandiyali UoB

5.15pm **Optional photographic walk around historic Bristol City centre led by Professor John Albarran**

7.30pm Course networking dinner at local restaurant included

Affiliations: CHOP= Children’s Hospital of Philadelphia; IUFRS= Institut Universitaire de Formation et Recherche en Soins; MU=Monash University; UHB=University Hospital Bristol; UoB=University of Bristol; UoP= University of Plymouth; UWE=University of the West of England.

Programme Day 2: Friday, 26th July 2019
Venue: 4th Floor, UWE Arnolfini Campus

08.30 – 10.30	Sharing research experiences (3-minute thesis of your research project/idea) All faculty to facilitate		
10.30 – 11.00	Coffee and networking		
	Master Level	PhD level	Post Doc level
11.00 – 12.00	Basic statistical analysis– which tests to use for what data – the rules Prof Paul White UWE	Developing the theoretical framework of your study Prof Anne-Sylvie Ramelet IUFERS	Developing and testing complex interventions Prof Ruth Endacott UoP & MU
12.00 – 13.00	Presenting your work at scientific meetings: posters, short and long orals A/Prof Lyvonne Tume UWE	Embedding qualitative research (process evaluation) within a study A/Prof Sarah Voss UWE	Considering the dissemination and impact of your research Prof Jos M. Latour UoP
13.00 – 14.00	Lunch and networking		
14.00 – 15.30	Publishing workshop Prof John Albarran UWE	Surviving your PhD defense and life after your PhD Prof Ruth Endacott UoP & MU	Implementing research findings into practice: changing practice Prof Bridie Kent UoP
15.30 – 16.00	Reducing research waste: Making an impact for future research Prof Jos Latour, University of Plymouth		
16.00 – 16.30	Evaluations and Prize for best 3-minute thesis		
16.30 – 17.30	After Party: Asking the experts and Future research collaborations		

Registration opens on Feb 1st 2019

Click this link to register <https://uwe.onlinesurveys.ac.uk/int-paediatric-neonatal-research-school2>

Your space is only confirmed once payment is received

Cost £195 (including meals/coffee and course dinner)
